Fulfilling MICROBIOLOGY NEEDS

Titan Biotech Ltd. started its journey in 1992 to pursue innovation in the field of Biotechnology and advanced Life Sciences. The strong hold on technical expertise has given wings to our business journey, with a remarkable market presence in more than 100 countries. Under the brand "TM Media", Titan Biotech Limited has flourished with its microbiology products in full length around the world. The Research and Development department supports our objective to evolve and keep pace with the industry's growing needs. The product range has emerged manifold with more than 10,000 products for categories including Biological Media Bases, Dehydrated Culture Media, Media Supplements, Ready-to-Use Culture Media, Molecular Bio Grade Chemicals, Antibiotic Sensitivity Discs, Plant Tissue Culture Media, Laboratory Chemicals, and Microbiology Laboratory Consumables. We are committed to meeting the needs of our customers, so Culture Media are available from varied sources. TM Media has expatiated its product list for applications in various industries, including the Pharmaceutical, Medical & Diagnostics, Food & Beverages, Biotechnology & Fermentation, Veterinary & Animal Feed, Cosmetic and Agriculture industries, as well as for Research Institutes. Our quality standards for our production facility and products are regulated and certified by International organizations. We are glad to have support from Pharmexcil, Capexil, FIEO, and AIFPA for trade relations. The entirety of the company is grounded in a belief in relationship and quality. We own the responsibility for fulfilling customer satisfaction; thus, our product portfolio includes products to fulfil customers' particular requirements. Excellence in quality and service unites us with our customers.
