

TMC 098- TMFlex™ SAMPLING BAG

INTENDED USE

Use for general laboratory use in the storage and transport of liquid and solid samples

DESCRIPTION

These are transparent, non-toxic and sterilized plastic sampling bags, suitable for liquid or solid samples. They provide an easy to use leak proof closure for collection of a wide variety of sample materials.

Features and benefit

- Blended, Virgin Polyethylene Film: ensures exceptional clarity, superior strength.
- Puncture-Proof Closure Tabs: contains inner and outer tapes for longevity and stability; wire for easy opening, pouring, and closing
- Post-Manufacturing Sterilization: perforated closure to maintain sterility and for increased sample integrity
- Opening Pull tabs: contains non-slip textured for easy opening
- Continuous Perimeter Seal: for maximum protection against leaks

DIMENSIONS AND CAPACITY

- Size: 11.5 x 23 cm Capacity: 540 ml

SHELF LIFE:

- 2 years
