

TMC 170 - STERILE ZIP LOCK BAGS

INTENDED USE

Sterile zip lock bags are specialized, contamination-free, resealable pouches for securing, transporting, and storing items that require a high level of hygiene or an airtight, waterproof environment.

PRODUCT FEATURES:

- Secure, resealable zip-lock/grip-seal, often with a slide-lock mechanism for efficient, air-tight sealing.
- Size 6 inches' x 8 inches
- A sterile barrier after sterilization processes (like gamma irradiation), ensuring that contents remain free from bacteria, mold, and dust.

APPLICATIONS:

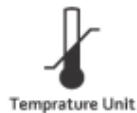

- Disposal of pathological / clinical or contaminated material
- Used in Research Laboratories autoclaves / industrial autoclaves / hospital autoclaves

QUALITIES:

- Transparent – easy to see through.

PACK SIZE:

- 100 Nos.

NOTE: Please consult the Material Safety Data Sheet for information regarding hazards and safe handling Practices.

***For Lab Use Only**
